

Options:

- 1 or 2 Day Courses

**COURSE
DURATION**
1 OR 2 DAYS

This Course

Learners are trained in the correct use of these devices, enabling them to detect underground cables and pipes and to avoid damaging utilities during excavation work. The following courses are available.

Course Aims

The Utility Detection Training suite of courses are designed to equip learners with the necessary expertise to operate CAT and Genny devices effectively. On completion of the course, delegates will:

- Understand the importance of utility detection in construction and excavation projects.
- Learn to identify and locate underground utilities accurately.
- Understand relevant legislation and safety protocols.
- Have gained practical skills in using detection equipment.

Aimed at

Construction workers, site managers, utility surveyors, health and safety personnel.

Course Options

Utility Detection CAT 1 (1 Day)

EUSR accredited training using the CAT4 range with detailed Genny usage and full-service protection process.

Utility Detection CAT 2 - Safe Digging (1 Day)

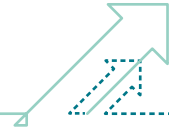

EUSR Category 2 training can be delivered alone or as a perfect follow on to EUSR CAT 1 & Genny training to make a 2-day course.

Utility Detection CAT 1 + CAT 2 (2 Days)

EUSR accredited training using the CAT4 and Genny4 equipment range. Detailed use of the equipment including full capabilities and limitations and full service protection processes.

Utility Detection CAT 1 - Advanced Engineers (2 Days)

EUSR Category 1 accredited training for those who have to use more complex frequency locators including the full radio detection, VIVAX and Leica range

Course Delivery

Classroom based and practical based with interactive individual and group exercises.

Assessment

Test at the end of the course and trainer review.

Certification / Qualification

EUSR (Energy & Utility Skills Register) Card.

Entry Criteria

- Good understanding of spoken and written English.
- Valid ID.

If you have any concerns or queries regarding the entry requirements, please contact the training team to discuss further.
