

# Skills Bootcamp in Plant Operations

## 360° Excavator

### Options:

360° Excavator above or below 10 Tonnes, tracked or wheeled.

COURSE DURATION  
**10** DAYS

Funded by  
UK Government

**SKILLS  
FOR LIFE**

### Machine in Focus

**Machine characteristics:** A heavy construction machine that consists of a boom, dipper, bucket and cab on a rotating platform, placed on a wheeled or tracked undercarriage.

**Applications:** Earthmoving, demolition, site preparation, road building, pipeline installation.

**Used in:** Construction, Mining, Agriculture, Utilities, Waste Management, Landscaping.

**Aimed at:** New entrants and existing operators who want to gain work operating a 360° Excavator in the construction industry.

**SKILLS  
BOOTCAMPS**

### Course Content

Learners will receive guided training in the following areas:

- Understanding and complying with legislation, manufacturer's instructions and operator safety codes, relevant to the machine and work activities.
- People Plant Interface (PPI) awareness.
- General hazards associated with the 360° excavator and appropriate control measures.
- Identifying machine components / operator controls and completing pre-shift, operational checks and appropriate machine maintenance
- Preparing the machine for site / road travel and working tasks.
- Driving and manoeuvring the machine over varying terrain and in confined or restricted spaces.
- Understanding the principles of Eco-Operation.
- Safe and correct use of quick hitch and attachments.
- Safe and correct use of the machine when working, including excavation tasks, bank battering, loading and lifting.
- Introduction to safety devices, including height and slew restrictors, human detection systems and 360° camera systems.
- Understanding safe loading/unloading, on/off the transporter.
- Machine shut down procedures and security

# Skills Bootcamp in Plant Operations

## 360° Excavator

### Course Delivery

A blended delivery model will include theory, practical and simulator training.

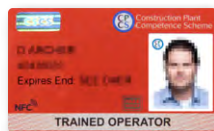

### Operator Behaviours

Learners must be able to demonstrate the following operator behaviours to successfully achieve the Skills Bootcamp in Plant Operations:

- A health and safety-first attitude.
- Ability to work effectively and undertake work in a reliable and productive manner.
- Ability to maintain positive customer relationships.
- Work well independently and as part of a team.
- A positive attitude and apply discipline to their work.

### Assessment

Learners will complete a theory and practical test on completion of their training and will be required to meet the Construction Plant Competence Scheme (CPCS) test criteria.

### Functional Skills

Learners will complete a functional skills assessment in English and Maths prior to starting the Skills Bootcamp. Support will be provided to learners to further their skills. Functional skills are the fundamental English and Maths skills to aid learner's working and personal lives.

### Entry Criteria

Skills Bootcamps are accessible to those who meet the following criteria:

- Aged 19 years or older.
- Have the right to work in the UK.
- Live in England.

Learners will require a minimum level of fitness as this course contains practical activity.

**SKILLS  
BOOTCAMPS**

### How to apply

To apply for the Skills Bootcamp in Plant Operations, scan the QR Code. To discuss the course further, call us on **0121 389 2302** or email:
