Skills Bootcamp in
Plant Operations

Funded by
UK Government

Skills For Life - it starts here...

Whether you are just starting out, making a career switch, or an employer looking to upskill your existing workforce, your journey starts here.

The Skills Bootcamp in Plant Operations is an intensive 10-day training programme designed to equip learners with the knowledge and skills necessary to operate plant and machinery on site.

Our commitment to high quality training and our drive to develop the future generation of plant operators, puts your success at the core of our offering. [Watch the video here...](#)

Skills Bootcamps are part of the Department for Education's Skills for Life initiative, which aims to help individuals of all ages gain essential skills to enhance their career opportunities.

What are Skills Bootcamps?

- Skills Bootcamps aim to address skills gaps in the economy and to ensure that the workforce is equipped to meet the challenges of a rapidly changing job market.
- Aimed at adults who are either unemployed, employed but looking to advance their careers, or seeking to change career paths.
- Flexible courses of up to 16 weeks, giving people the opportunity to build up sector-specific skills.
- Learners will get a guaranteed interview with an employer upon completion.
- Available to employers to help upskill staff with the right training and skills.

Is there a cost?

- Fully funded for adults aged 19 or over.
- A training cost contribution will apply to employers who train an existing employee (10% for SME's, 30% for large employers).
- There is no cost to businesses who wish to recruit individuals who have completed the Skills Bootcamp.

Entry Criteria

Skills Bootcamps are accessible to those who meet the following criteria:

- Aged 19 years or older.
- Have the right to work in the UK.
- Live in England.

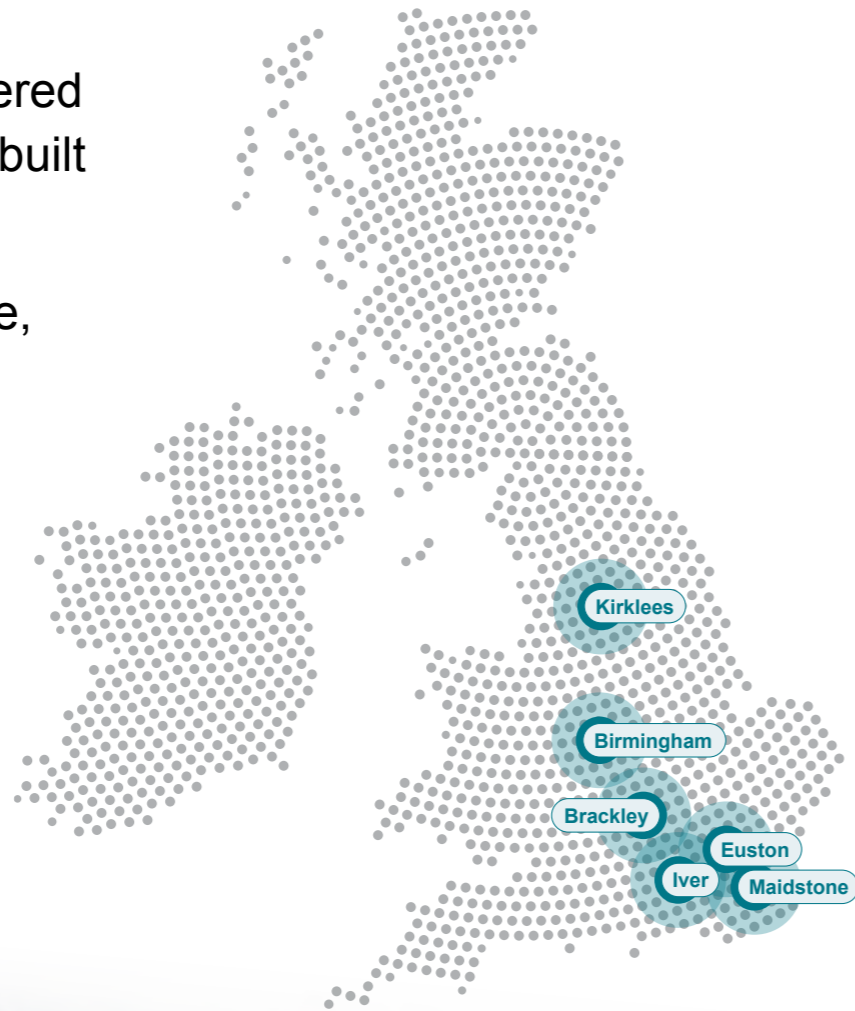

Skills Hubs throughout the UK

The Skills Bootcamp in Plant Operations is delivered from one of our purpose-built Skills Hub facilities.

With nationwide coverage, your journey as a plant operator starts today.

“The lead trainer had over 30 years experience in the industry and was a mentor throughout the programme. I was so impressed with the support I got from the start, all the way through to landing my new job.”

Our Skills Hubs are equipped with:

- State-of-the-art facilities to enhance learner experience.
- Machinery equipped with the latest in safety and 3D machine control technology.
- Plant simulators for learners to hone in on their newly acquired skills.

- Industry leading Construction Plant Competence Scheme (CPCS) plant trainers and testers.
- A dedicated training team to support learners every step of the way.

“Completing the Skills Bootcamp in Plant Operations was a real eye-opener. The Operator Skills Hub in Birmingham is really modern, with plant simulators and huge training grounds.”

The next generation of Plant Operators

Ready to embark on your journey into plant operations? Or ready to upskill to enhance your job opportunities?

Aimed at new entrants and existing machine operators, the Skills Bootcamp in Plant Operations is now recruiting learners. Now is the time for your next challenge.

Skills Bootcamp in Plant Operations: Overview

The intensive 10-day programme aims to:

- Equip new entrants with the knowledge and skills to successfully start a career in the plant sector.
- Provide learners with enhanced training to ensure they are 'Site-Ready'.
- Upskill existing plant operators on additional machine categories to enhance their career opportunities.
- Build up valuable sector-specific skills based on local employer demand.

On successful completion, learners will receive:

- A Construction Plant Competence Scheme (CPCS) card.
- A guaranteed interview with an employer.
- Ongoing careers support through our dedicated training team.
- Access to our online training platform IHASCO, offering a range of personal development and safety modules.
- An offer to follow up with an accelerated apprenticeship interview, linked to your new skills.

Machine categories available

The machine categories you will be trained on will be determined based on local employer demand, providing you with the greatest chance of employment upon completion!

Choose to train on either one or two items of plant. Scan the QR code to view the Skills Bootcamp course overview for each machine:

Choose any one of these machines

If you have any questions, get in touch with our dedicated team here...

Or... choose any of these machine combinations

Ready for your next challenge? **Apply Today!**

If you are ready to unlock your potential in an exciting and challenging career in plant, then apply today. Just scan this QR Code to fill in the application form, and we'll be in touch.
