

Trimble 3D Machine Control for Machine Operators

Options:

- Trimble Earthworks 3D Machine Control for Dozer Operators
- Trimble Earthworks 3D Machine Control for Excavator Operators

CLASS
SIZE
8 MAX

COURSE
DURATION
1 DAY

This Course

The course upskills machine operators in the safe and efficient use of Trimble Earthworks 3D Machine Control technology. The course introduces delegates to the various Trimble machine control products, and demonstrates how machine control improves accuracy, reduces material costs, and increases efficiency in construction operations. Delegates will learn the fundamentals of operating machinery equipped with Trimble machine control, including setting up projects, calibrating equipment, and using the control interface.

Course Aims

To provide individuals with the knowledge and understanding of Trimble Earthworks 3D Machine Control, ensuring that operators are fully equipped to use the technology effectively, leading to better project outcomes and maximised utilisation.

Aimed at

Machine Operators.

Course Content

- Familiarisation with the Trimble Earthworks system.
- Understand Trimble Earthworks machine types.
- Identify the difference between 2D and 3D systems.
- Have a basic understanding of how GNSS (Global Navigational Satellite System) works.
- Gain a better understanding of what RTK (Real Time Kinematic) is and how it works.

Trimble 3D Machine Control for Machine Operators

Course Delivery

Classroom based with interactive group exercises, simulation and / or practical training.

Assessment

Knowledge and practical assessment.

Certification / Qualification

NOCN SiteRight Certificate.

Entry Criteria

- Good understanding of spoken and written English.
- Certification for the relevant machines (e.g. CPCS / NPORS).
- Minimum 18 years of age.
- Valid ID.

If you have any concerns or queries regarding the entry requirements, please contact the training team to discuss further.

Short Course CITB Grants

Employers registered with CITB can claim a grant on completion of this course. For information on grant rates and how to apply, scan here.

How to book

To book this course, scan the QR code. To discuss the course further, call us on **0121 389 2302** or email: enquiries@operatorsskillshub.com

Course Locations

This course is delivered at our purpose-built training centres throughout the UK.

To find your nearest location, visit: www.operatorsskillshub.com

If you would like to arrange a group booking at a location to suit your requirements, please contact the training team.
